Then next shift still 5/21/15 The CO I talked to said nurse will be around later. Well nurse came looked at eye said she would get me to health care. Waves happened. Know comes 5/22/15 my eye is swollen shut and the same run around all day and night as my eye is getting worse. They wanted to know why it took so long for medical attention. could of lost both eyes. So they treated me for what they could because I need special doctor and medical things they didn't have so I came back to NRC and was put in a new cell J-110 til Tuesday 5/26/15. I went to sick call and doctor didn't read file or I don't but he didn't know anything and he seen my eyes and sent me right back to ST JAMES hospital. They evaluated my eye and sent me to ~~ST JAMES~~ in an ambulance. Know at ~~ST JAMES~~ hospital downtown I was admitted. They had to put this medicine called TOBRAMYCIN + cycloate every hour on the hour and NRC couldn't handle that. They don't understand why it took so long to get help. 5/28/15 was released and brought back to NRC and they decided to put me at Statesville Hospital cause need eye drops every hour. They moved me back to NRC 5/31/15 and put me in J-110 knowing that I need more eye drops. 6-2-15 I go back downtown to eye clinic and they said keep using Tobramycin well the pharmacy said no cause IDOC would not pay so they called Boswell they said no change to something else. So we sit there all day they change the prescriptions to Tobramycin + Pramoxine HCl and back to NRC gave nurses the scripts. Well no eye drops from 6-1-15 until 6-7-15. Know I went back to eye clinic 6-5-15 they want to know why no eye drops cause I could lose my whole eye they said stress it enough. Well my vision is lost in right eye I got my eyedrops but can't see out right eye. I have another appoint to eye doctor week of 6/8 thru 6/13
